that Dr. Molitor also alleged that HDW had an Indian agent. Let us be clear on this. We are not in the dock. HDW is in the dock. All right as a worse case, it is they who are in the dock. It is they who have to explain. We do not have any agent. What do you want to know? Those people who are supposed to have agents say that they have no agents. Their owners, namely, the Government of Federal Republic of Germany, say that they have no agents. What do you want me to say? Do you want me to say that these two people are wrong? I cannot say something which is wrong. I cannot fabricate evidence. This is the position. This is what the position will remain.
